

**IMPOSSIBLE?
IT WAS...UNTIL IT WASN'T.**

NOW, A GIANT LEAP IN BITUMEN EXTRACTION TECHNOLOGY.

Booth #1120, Oil Sands Trade Show & Conference, Sept 14-15.

**99+% recovery. 99+% purity.
No environmental contaminants.
No tailing ponds. 20% reduction
in green house gases.**

**It was impossible...
until it wasn't.**

**A giant leap forward
in bitumen extraction.**

The seemingly impossible,
is now a reality. CAC-24
from VARYPETROCHEM
is a completely solvent free
extraction chemistry and
process that is revolutionizing
bitumen recovery.
